Stuff

Please try and pack all your belongings into a sturdy bag as bin/carrier bags just won't last a week of camp.

It's also very important that you bring a waterproof jacket and footwear - camp can get very muddy.

You are welcome to bring a mobile phone with you - when this can be used will be restricted. Reception on the site is not very reliable and it may not be possible to recharge your phone, so use it wisely!

If you have any questions please contact your Camp Organiser.
